2500	2¼ in. pots	7.00	60.00
10000	<i>nana variegata</i> . 2¼ in. pots	7.00	60.00

EVERGREENS

Our potted evergreens are extra strong, having been grown from large cuttings rooted last winter and potted in the early summer. They have made a splendid, bushy, top growth and are in fine shape to plant now or as early in the spring as you wish.

However we can root special this winter the varieties listed below and a good many other sorts, at a price somewhat under the price for this year old stock. This stock could not be delivered until June or July. Advise us the quantity you wish to contract and we will quote you the special price.

We grow all the fancy sorts in pots and transplant into beds, making our once transplanted plants compare very favorably with the ordinary twice transplanted plants.

1. *JUNIPERUS Sabina*, 12-15 in., bushy. 2. *AZALEA amoena*, 8-10 in., bushy. 3. *PICEA excelsa*, (TT) 12-15 in. 4. *AZALEA mollis*, (TT) 6-8 in., 2 to 4 canes. 5. *THUYA occ. globosa*, (T) 8-10 in., bushy.

Quantity	Variety	Per 100	Per 1000
1000	<i>CRYPTOMERIA japonica</i> . 2¼ in. pots-----	\$ 10.00	\$ 80.00
